

KEY INVESTOR INFORMATION

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

LYXOR SEB MULTI STRATEGY FUND - Class I-EUR (the "Fund")

ISIN: IE00BDGSG113 - A sub-fund of the investment company named Lyxor SEB Umbrella PLC (the "Company") domiciled in Ireland. Managed by Lyxor Asset Management S.A.S. ("LAM")

Objectives and investment policy

The Fund is an active UCITS and is not managed in reference to a benchmark.

The investment objective of the Sub-Fund is to seek capital appreciation over the medium to long term by allocating its assets across various discretionary investment strategies, each of which will be implemented by a sub-investment manager (each of them a "SIM" or "Sub-Investment Manager").

The selection of the Sub-Investment Managers and the allocation of the Fund's assets are determined by SEB Investment Management AB ("SEB IM AB") acting as Investment Manager of the Fund.

It is expected that the Fund's assets will generally be diversified among the different strategies provided that, depending on the views of the Investment Manager, the Sub-Fund may from time to time be concentrated in one or more strategies.

The Fund is diversified by geography, industry and business sector.

For full investment objective and policy details, please see section "Investment Objectives and Policies" of the Fund's Supplement.

The share currency is the Euro (EUR).

- **Invested financial instruments:** Equity securities (e.g., stocks), debt securities (e.g., government and corporate bonds), eligible investment funds (e.g., exchange-traded funds and money market funds) and financial derivatives instruments (e.g., futures, forward contracts, contracts for difference, swaps and options, for both investment and/or hedging purposes).
- **Dividend policy:** all the Fund's amounts available for distribution (if any) shall not be distributed to Shareholders, but reinvested.
- **Net Asset Value:** Each Business Day or such other day (or days) as may be determined by the Directors and notified to Shareholders in advance provided that there shall be at least one Valuation Day every fortnight.
- **Redemptions:** The investor may redeem its units on demand on a daily basis before 11:00 a.m. Paris Time on the relevant Valuation Day or such other time as the Directors may determine and notify to Shareholders.

Risk and reward profile

The risk-return category shown above is based on the maximum level of risk that the Fund manager may take while adhering to the Fund's strategy, as well as on its performance, where applicable. This risk estimate may therefore not represent a reliable indicator of future risk, and may be subject to change over time. The lowest category does not mean risk free investment.

The Fund has been classified within category 5. Category 5 indicates that under normal market conditions a significant loss of capital is possible ; the value of your investment may change significantly and have above average daily upside or downside variation.

Main risks not covered by the above indicator which could lead to a decrease in the net asset value of the Fund and which the Fund is authorized to disclose in this document (for more details about risks, please refer to the Risk Profile section of the prospectus):

- **Counterparty risk:** The Fund is exposed to the risk that any counterparty with which it has concluded an agreement or a transaction could become insolvent or otherwise default and more particularly when it has concluded financial derivative instruments over-the-counter or securities lending transactions. If such an event occurs, the net asset value of the Fund may decrease significantly. According to the regulation applicable to the Fund, such risk cannot exceed 10% of the Fund's total assets per counterparty.
- **Risk of Financial derivative Instruments:** The Fund invests in financial derivative instruments. These financial derivative instruments can induce different types of risks such as (but not limited to) leverage risk, high volatility risk, valuation risk or liquidity risk. If this risk occurs, the net asset value of the Fund may decrease significantly.
- **Operational risk:** In the event of an operational failure of the management company or one of its representatives, investors could experience loss, delay in processing subscriptions, conversions, redemptions orders or other type of disruptions.
- **Liquidity risk:** In certain circumstances, for example in case of low trading volume on financial markets, any buy or sale trade on financial instruments held by the Fund or having an impact on its value may lead to important variations of their valuations. In such circumstances, the net asset value of the Fund could be negatively affected.
- **Credit risk:** The Fund is subject to the risk that any issuer could become insolvent or to otherwise event having an impact on the credit quality of this issuer. The consequence of this risk or event may result in a decrease of the net asset value of the Fund.

Charges for this Fund

The charges you pay are used to pay the costs of running the Fund including the costs of marketing and distributing it. These charges reduce the potential growth of your investment. For any additional information regarding charges, please refer to the relevant charges section of the Fund prospectus, available at www.lyxorfunds.com.

One-off charges taken before or after you invest

Entry Charge:	Up to 5%
Exit Charge:	Up to 3%

This is the maximum that might be taken out of your money before it is invested and before the proceeds of your investment are paid out. The entry and exit charges shown are maximum figures. In some cases you might pay less. Investors can find out the actual entry charges and exit charges from their financial advisor or distributor.

Charges taken from the Fund over a year.

Ongoing charge:	1.73 %.
------------------------	---------

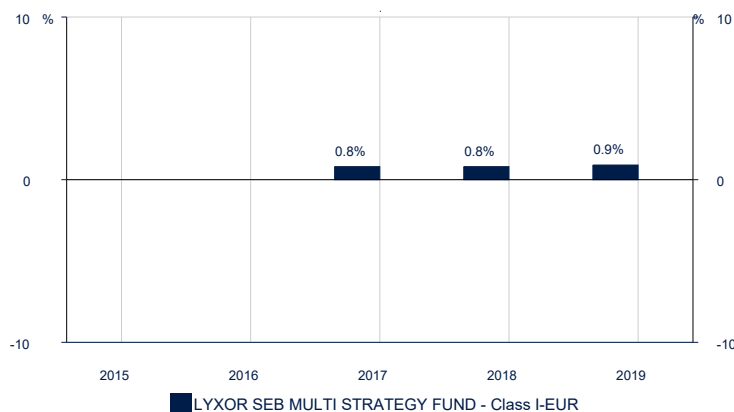

The ongoing charges figure is based on the last year's expenses (including taxes, if any), for the year ending December 2019 and may vary from year to year. It excludes performance fees and portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling units or shares of underlying collective investment schemes.

Charges taken from the Fund under certain specific conditions

Performance fee:	0.47% for the year ending 31 december 2019. Class performance Fee is 17.5% of the net realized and unrealized appreciation of the NAV of the Fund and subject to a high water mark mechanism. Performance Fees will be shared between the SIM (the "Trading Portfolio Performance Fees") and, if the amount paid to SIM is lower than the Performance Fee, up to 7.5% of the net realized and unrealized appreciation of the NAV will be paid to SEB IM AB. For each SIM, the Trading Portfolio Performance Fee will be equal to a rate of up to 17.5% of the net realized and unrealized appreciation of the value of the assets of the Fund managed by such SIM. If for any fee period, the sum of all Trading Portfolio Performance Fees exceeds the Performance Fee, the Fund will pay an additional amount (the "Compensation Fee") to LAM to cover the shortfall to be remitted to the SIM. With respect to any fee period, the Performance Fee together with the Compensation Fee shall not exceed 4.95% of the average NAV during any such fee period. Any Compensation Fee paid by the Fund will be deducted from the Performance Fee in subsequent fee periods (provided that, upon redemption, the amount of the Compensation Fee to be deducted shall be decreased by an amount proportionate to such amount redeemed). For further information, please see section "Summary of Shares" of the Fund's Supplement.
